

PUBLIC NOTICE

Pursuant to Groundwater Assessment Report No. AIN20050001
Agency Interest No. 3981 / Permit No. 107-00009

The Environmental and Public Protection Cabinet, Division of Waste Management plans to approve a Groundwater Assessment Report received from Triple M Land Farms, Incorporated in Simpson County, Kentucky. This report demonstrates that the coliform bacteria, detected in several monitoring wells at the facility, results from surrounding land uses, i.e. agricultural livestock farming, and not from activities at the facility. In addition, nitrate levels that exceeded maximum contaminant levels (MCL) were reduced below the MCL level of 10 mg/l by removing nitrate ammonium fertilizer being improperly stored at the facility. No further abatement activities concerning the coliform bacteria or nitrate are proposed in the report.

The facility may be accessed by traveling north on 31W at Exit 2 off I-65 to Hwy 1008. Turn left onto 1008, go to the third 4-way stop at Hwy 383, turn left on Hwy 383 and go to Hwy 816 (Schweizer Rd.). Turn left on Hwy 816 and travel 0.7 miles to the gravel entrance on the right.

The name and address of the permit applicant is:
